

Why choose Home Care?

We know living independently at home is important to you. Our quality, non-medical care services help you live a more comfortable and safe life at home. Individuals maintain independence while receiving help with their activities of daily living on their own schedule.

Our Mission

Cherish, LLC believes you should have the ability to plan and live the life you choose, arrange the support you need, and have the responsibility to accept the benefits and risks for the choices you make. You should be able to have as many choices as possible in service provision, scheduling, and direction of your support workers.

About US

Cherish is a licensed PCA, Independent Living, and Home Management Agency located in Hibbing, MN. When you, your loved one, or your parents need non-medical care at home, Cherish is there to provide flexible and individualized plan to meet care needs. You have the option to choosing your own caregivers, including friends and family members. Whether it is personal cares or home management, we offer person centered planning to help you feel comfortable living in your own home.

CARING, FOCUSED HOMECARE IS WHAT WE DO BEST

Our clients range from children to elderly with a variety of needs. We take pride in promoting a nurturing environment of community-based care that enables those we serve to remain safely in the comfort of their own homes. We strive to help each client and family members by connecting them with the services that are right for their specific needs.

OUR SERVICES

Personal Care Attendant (PCA)

PCA's assist consumers with dressing, grooming, eating, bathing, transfers, mobility, positioning, behavior redirection, activities of daily living, and medication reminders.

Home Management

Homemakers assist consumers with light housekeeping, garbage removal, grocery shopping, errands, laundry, mail sorting, meal preparation, and socialization.

Respite Care

Respite workers provide short-term or temporary care of individuals to provide relief to a full-time caregiver.

Companion

Companions support individuals by accompanying them to appointments, providing companionship, and meal preparation,

Independent Living Skills (ILS)

ILS coaches provide direct training to address identified skill development needs such as communication, community living and mobility, interpersonal skills, reduction of maladaptive behavior, self-care, and sensory/motor development.

In Home Family Supports (IHFS)

IHFS coaches work with children in the home and community to work towards identified goals to develop safe and healthy habits.
